

## CURRICULUM VITAE

**HANAOKA Shinya, Ph.D.**

Professor

Tokyo Institute of Technology (Tokyo Tech)

School of Environment and Society

Department of Transdisciplinary Science and Engineering

2-12-1-i4-12, O-okayama, Meguro-ku, Tokyo, 152-8550, JAPAN

TEL/FAX +81-3-5734-3468

hanaoka.s.aa@m.titech.ac.jp

### PROFESSIONAL EXPERIENCE:

- **Tokyo Institute of Technology**, Tokyo, Japan.  
School of Environment and Society, Professor, April 2018 to date.  
School of Environment and Society, Associate Professor, April 2016 to March 2018.  
Graduate School of Science and Engineering, Associate Professor, June 2007 to March 2016.
- **Asian Institute of Technology (AIT)**, Bangkok, Thailand.  
School of Engineering and Technology, Assistant Professor, July 2004 to May 2007.  
School of Civil Engineering, Visiting Lecturer (Direct-hire), July 2003 to July 2004.
- **Institute for Transport Policy Studies (ITPS)**, Tokyo, Japan  
Senior Researcher, April 2003 to July 2003.  
Researcher, April 1999 to March 2003.

### Visiting Position:

- **United Nations University**, Institute for the Advanced Study of Sustainability, Tokyo, Japan.  
Adjunct Professor, September 2023 to date.
- **Asian Institute of Technology**, School of Engineering and Technology.  
Distinguished Adjunct Faculty, January 2015 to August 2018.  
Visiting Associate Professor, August 2007 to December 2010.
- **Kobe University**, Graduate School of Maritime Sciences, Kobe, Japan.  
Visiting Professor, April 2009 to March 2017.
- **Institute for Transport Policy Studies**  
Visiting Researcher, August 2003 to August 2007.
- **The University of Leeds**, Institute for Transport Studies (ITS), Leeds, U.K.  
Visiting Researcher, April to September 2002.  
Visiting Professor, September to December 2018.
- **Saitama University**, Faculty of Economics, Saitama, Japan.  
Visiting Lecturer, October 2000 to March 2003.

### EDUCATION:

- **Ph.D.** (Information Sciences)

Graduate School of Information Sciences, Tohoku University, Sendai, Japan, March 1999.

Title: *A Two-Dimensional Allocation Model of Urban Facilities under Relaxation of Equality Constraints - Allocation of Parks in a New Town* – (in Japanese)

- **Master of Sciences** (Information Sciences)  
Graduate School of Information Sciences, Tohoku University, March 1996.
- **Bachelor of Engineering** (Civil Engineering)  
School of Engineering, Tohoku University, March 1994.

#### **RESEARCH AREAS OF SPECIALIZATION:**

- Transport Development Studies
- Air Transport
- Transport Logistics
- Transport Infrastructure Management

#### **PROFESSIONAL MEMBERSHIPS:**

- Air Transport Research Society (ATRS)
- Eastern Asia Society for Transportation Studies (EASTS)
- World Conference on Transport Research Society (WCTRS)
- Japan Logistics Society (JLS)
- Japan Society for International Development (JASID)
- Japan Society of Civil Engineers (JSCE)
- Japan Society of Logistics and Shipping Economics
- Japan Society of Transportation Economics (JSTE)
- Scheduling Society of Japan

#### **AWARDS:**

1. 2023 Best Research Paper Award, 53rd Travel and Tourism Research Association Annual International Conference, “Choi, et al.: Evacuation behavior of international tourists and information provision during disasters: Case study in Osaka, Japan”, St. Louis, United States, 2023.
2. 2021 Emerald Literati Awards, Outstanding Paper in Journal of Humanitarian Logistics and Supply Chain Management, [Maharjan, et al.: Mobile logistics hubs prepositioning for emergency preparedness and response in Nepal], 2021.
3. 2021 Best Paper Award, Committee of Infrastructure Planning and Management, Japan Society of Civil Engineers (JSCE), [Nakamichi, et al.: Logistics facility location choice analysis based on supply chain in Tokyo metropolitan area], 2021.
4. 2019 Emerald Literati Awards, Highly Commended in Journal of Humanitarian Logistics and Supply Chain Management, [Maharjan and Hanaoka: A multi-actor multi-objective optimization approach for locating temporary logistics hubs during disaster response], 2019.
5. 7th International Conference on Transportation and Logistics (T-LOG 2018), OCDI Takeuchi Yoshio Award for Logistics Research (Best Paper Award), “Kavirathna, Kawasaki and Hanaoka: Optimization approach for modelling intra-port competition”, Dalian, China, 2018.

6. 2nd Research for Transport & Logistics Industry (R4TLI) of Sri Lanka Society for Transport & Logistics, Best Research in Maritime and Logistics, “Kavirathna, Kawasaki and Hanaoka: Competitive dynamics among cross regional hub ports: Generalised cost approach”, Sri Lanka, 2017.
7. 24th Japan Society of Logistics and Shipping Economics Award, Best Paper Award, “Saraswati and Hanaoka: Airport-airline cooperation under commercial revenue sharing agreements: A network approach”, Japan, 2015.
8. 4th National Transport Conference of the Engineering Institute of Thailand, Best Practical Paper Award, “Leopairojna and Hanaoka: Benefits of the passenger van entry deregulation in Bangkok”, Thailand, 2007.
9. 27th International Association of Traffic and Safety Sciences (IATSS) Award, Achievement Award, “The Comparative Study on Urban Transport and the Environment (CUTE) Project and publication of the book entitled Urban Transport and the Environment - An International Perspective-“, Japan, 2006.
10. 2005 Japan Society of Civil Engineers (JSCE) Award, Environmental Award, “The Comparative Study on Urban Transport and the Environment (CUTE) Project”, Japan, 2006.

## **PUBLICATIONS:**

### **Refereed International Journal Articles:**

1. Liu, Y., **Hanaoka, S.** and Sugishita, K. (2023) Decision-making of travel bubble implementation process using metapopulation model, Journal of Air Transport Research Society, Accepted.
2. Tagawa, H., Kawasaki, T. and **Hanaoka, S.** (2023) Optimum cooperation strategy for the different cooperative motivations: A case study of the Kobe and Osaka ports, Maritime Policy & Management, Accepted.
3. Sadeek, S.N. and **Hanaoka, S.** (2023) Assessment of text-generated supply chain risks considering news and social media during disruptive events, Social Network Analysis and Mining, 13, 96.
4. Ito, H., **Hanaoka, S.** and Sugishita, K. (2023) Seasonality of the global cruise industry, Maritime Transport Research, 5, 10094.
5. Do. Bagus, M.R. and **Hanaoka, S.** (2023) Interdependency patterns of potential seaport risk factors in relation to supply chain disruption in Indonesia, Journal of Shipping and Trade, 8, 6.
6. Kawasaki, T., Loh, Z. T. and **Hanaoka, S.** (2023) Geospatial transition of port hinterland considering intermodal service frequency: A case study in Bangladesh, Journal of Transport Geography, 108, 103549.
7. Varquez, A.C.G., Dong, S., **Hanaoka, S.** and Kanda, M. (2023) Evaluating future railway-induced urban growth of twelve cities using multiple SLEUTH models with open-source geospatial inputs, Sustainable Cities and Society, 91, 104442
8. Do. Bagus, M.R. and **Hanaoka, S.** (2022) Threat utility of the seaport risk factors: Use of rough set -based genetic algorithm, Journal of Marine Science and Engineering, 10(10), 1484.
9. Tagawa, H., Kawasaki, T. and **Hanaoka, S.** (2022) Difference in port cooperation between motivations: Cooperation for regional welfare and for competition, Maritime Transport Research, 3, 100075.

10. Do. Bagus, M.R. and **Hanaoka, S.** (2022) The central tendency of the seaport-fulcrum supply chain risk in Indonesia using rough set, *The Asian Journal of Shipping and Logistics*, 38(4), 222-233.
11. Ito, H., **Hanaoka, S.** and Sugishita, K. (2022) Structural changes in the cruise network by ship size in Northeast Asia, *The Asian Journal of Shipping and Logistics*, 38(4), 207-221.
12. Han, Y., Kawasaki, T. and **Hanaoka, S.** (2022) The benefits of truck platooning with an increasing market penetration: A case study in Japan, *Sustainability*, 14(15), 9351.
13. Hiraide, T., **Hanaoka, S.** and Matsuda, T. (2022) The efficiency of documentary and border procedures for international trade, *Sustainability*, 14(14), 8913.
14. Maghfiroh, M.F.N. and **Hanaoka, S.** (2022) Mobile Clinics: Medical service strategy for disaster healthcare response operation, *Journal of Industrial Engineering and Management*, 15(3), 470-483.
15. Tagawa, H., Kawasaki, T. and **Hanaoka, S.** (2022) Evaluation of international maritime network configuration and impact of port cooperation on port hierarchy, *Transport Policy*, 123, 14-24.
16. Chen, T. and **Hanaoka, S.** (2022) Improvement of airport surface operation at Tokyo International Airport using optimization approach, *Aerospace*, 9(3), 145.
17. Xu, F. and **Hanaoka, S.** (2022) Sequential investment in two types of complementary projects at an airport, *Journal of Transport Economics and Policy*, 56(2), 243-271.
18. Wu, Z., **Hanaoka, S.** and Shuai, B. (2022) Modelling optimal thresholds for minimum traffic guarantee in public-private partnership (PPP) highway projects, *The Engineering Economist*, 67(1), 52-74.
19. Ng, K.T., Fu, X., **Hanaoka, S.** and Oum, T.H. (2022) Japanese aviation market performance during the COVID-19 Pandemic - Analyzing airline yield and competition in the domestic market, *Transport Policy*, 116, 237-247.
20. Hiraide, T., Kawasaki, T. and **Hanaoka, S.** (2022) Clarifying the relationship between seaborne trade flows of landlocked developing countries and the attributes of their cross-border transport corridors, *Journal of the Eastern Asia Society for Transportation Studies*, 14, 955-974.
21. Dobruszkes, F., Grippa, T., **Hanaoka, S.**, Loko, Y., Redondi, R. and Wang, J. (2021) Multiple-airport systems: The (re)development of older airports in view of noise pollution issues, *Transport Policy*, 114, 298-311.
22. Tagawa, H., Kawasaki, T. and **Hanaoka, S.** (2021) Conditions influencing the choice between direct shipment and transshipment in maritime shipping network, *Journal of Shipping and Trade*, 6, 4.
23. Tagawa, H., Kawasaki, T. and **Hanaoka, S.** (2021) Exploring the factors influencing the cost-effective design of hub-and-spoke and point-to-point networks in maritime transport using a bi-level optimization model, *The Asian Journal of Shipping and Logistics*, 37(2), 192-203.
24. **Hanaoka, S.**, Matsuda, T., Saito, W., Kawasaki, T. and Hiraide, T. (2021) Identifying factors for selecting land over maritime in inter-regional cross-border transport, *Sustainability*, 13(3), 1471.

## RESEARCH PROJECT:

### Research Grants and Sponsored Projects:

1. Aviation Policy Research Association, “Research Project of Economic Impacts of Liberalization of Air Transport Agreement, Case of ASEAN”, Principal Investigator, 2019-2020.
2. Kansai Airport Research Institute, “Strategy to Create Inbound Demand for the Regional Airports”, Principal Investigator, 2018-2019.
3. Science and Technology Research Partnership for Sustainable Development (SATREPS), “Smart Cities for Emerging Countries based on Sensing, Network and Big Data Analysis of Multimodal Regional Transport System”, 2017-2022.
4. Japan Society for the Promotion of Sciences (JSPS) Grants-in-Aid for Scientific Research (B), “Development of Last Mile Distribution in Humanitarian Logistics by Advanced Technology”, Principal Investigator, 2017-2020.
5. Mitsubishi Heavy Industries, “Indonesia Air Traffic Network Reconfiguration: Broad-Band/Regional-Hub (BB/RH)”, 2014-2015.
6. Hino Motors, “Joint Research on Current Situation and Future Trend of Land Transportation in ASEAN Region”, 2013-2014.
7. Japan International Cooperation Agency and Yachiyo Engineering, “The Project for the Study on Togo Logistics Corridor Development in the Republic of Togo”, Project Investigator, 2012-2013.

8. Japan Society for the Promotion of Sciences (JSPS) Grants-in-Aid for Scientific Research (C), “Development of Inventory Management Model for Humanitarian Logistics in Natural Disaster”, Principal Investigator, 2012-2015.
9. Global Environment Research Fund, Ministry of the Environment of Japan, “Research for Achieving Low Carbon Transport System in Asia”, Co-Principal Investigator, 2009-2014.
10. Japan Society for the Promotion of Sciences (JSPS) Grants-in-Aid for Scientific Research (C), “Modelling Freight Transport Route Choice in Transit Countries Incorporating Risk and Uncertainty in Landlocked Developing Countries”, Principal Member, 2009-2012.
11. Japan International Cooperation Agency (JICA) and Japan Engineering Consultants, “Capacity Building for Labour-Based Technology (LBT) in Tanzania”, Project Investigator, 2008-2009.
12. ASEAN Foundation, “Capacity Building for Gender, Poverty and Mobility Analysis of Road Transportation Development in GMS Region”, Co-Principal Investigator, 2008-2010.
13. The Institute of Behavioral Science (IBS), “Evaluation of BOT Scheme for Transport Infrastructure Projects in Asian Cities”, 13<sup>th</sup> IBS Fellowship, 2007-2009.
14. Institute for Transport Policy Studies (ITPS), “Sustainable Transport for East Asian Megacities (STREAM)”, Project Member, 2005-2008.
15. Aviation Policy Research Association, “Research Project of Low-Cost Carriers”, Project Member, 2005-2007.
16. AIT - RTG (Royal Thai Government) Joint Research Project, “Logistics Management at the Intermodal Terminals”, Principal Investigator, 2005-2007.
17. Joint Project with the Center for Sustainable Urban Regeneration (cSUR) of the University of Tokyo, “Collecting the Basic Information on the Feasibility of the Rehabilitation of Urban Canals and Watercourses in Bangkok Metropolitan Region”, Research Member, 2006.
18. Aviation Policy Research Association, Young Researcher Grant, “Impact of Low-Cost Carriers Activities in Southeast Asia”, 2004-2005.
19. Institute for Transport Policy Studies (ITPS), “The Comparative study on Urban Transport and the Environment - CUTE Project”, Project member, 2001-2004.

**Consulting Activities:**

1. Economic Research Institute for ASEAN and East Asia (ERIA), “Developing the ASEAN Strategic Transport Plan (ASTP) 2011-2015”, Academic Consultant, 2010.
2. United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP), “Regional Study on Sustainable Infrastructure Development, with Focus on the Infrastructure for Water, Waste, and Transportation”, Bangkok, 2006-2007.
3. Southern Asia Urban Environmental Management Applications (SEA-UEMA) Project, “The Impact of Public-Transport Driving Modes on the Quality of Urban Air in Bandung, Indonesia”, AIT Faculty Expert of Joint Action Research Component, CIDA-AIT Partnership, Bangkok, 2005-2007.

**OTHERS:**

**Symposium, Seminar, Workshop and Special Lecture (in English):**

1. **Hanaoka, S.** "Risk identification of PPP railway projects in Asia", WCTRS-EASTS-KOTI Special Session, Public Private Partnership for Transport Infrastructure Development -Focusing on Risk Management under Macroeconomic Uncertainty-, 16th World Conference on Transport Research Society (16th WCTRS), Montreal, 20 July 2023.
2. **Hanaoka, S.**, Qiao, Y. and Choi, S. "Impact of eco-driving variable message signs on the behavior change in Ahmedabad", 2nd International Conference on Integrated Transport for Sustainable Mobility, Ministry of Physical Infrastructure and Transport and Society of Transport Engineers Nepal (SOTEN), 3 February, 2023.

**Seminar Organization (International only):**

1. "Seminar on Multimodal Transport Operation", Savannakhet University and the Department of Public Works and Transport Lao PDR, Savannakhet, 14 March 2014.
2. "International Workshop on Gender, Economic Integration, and Cross-border Road Infrastructure Development: Poverty and Mobility in the Context of Asia", Asian Institute of Technology and Asia Pacific Regional Secretariat of the International Forum for Rural Transport and Development (IFRTD), Bangkok, 6 - 7 May 2010.
3. "Gender, Poverty and Mobility Analysis of Road Transportation Development in GMS Research Design Workshop", Asian Institute of Technology, Japan-ASEAN Solidarity Fund - ASEAN Foundation, Bangkok, 1 - 3 April 2009.
4. "International Seminar on Sustainable Transportation", Asian Center for Transportation Studies (ACTS), Asian Institute of Technology, Bangkok, 26 February 2007.

**International Conference and Academic Society Committee Members:**

1. Eastern Asia Society for Transportation Studies (EASTS), Secretariat Office, 2007 to date. Deputy Secretary General (2016-2019). Treasurer (2019-). Secretary General of EASTS-Japan (2020-).
2. Air Transport Research Society (ATRS), Airport Benchmarking Task Force, 2011 to date.
3. Air Transport Research Society (ATRS), Networking Committee, 2016 to date.
4. Air Transport Research Society (ATRS), ATRS Fellow, 2023 to date.
5. World Conference of Transport Research Society (WCTRS), Scientific Committee, 2014 to date. Chair of SIG H1[Transport Policy, Planning and Financing in Developing Countries] (2017-).
6. World Conference of Transport Research Society (WCTRS), Steering Committee, 2016 to date. Co-Chair of Membership Marketing Committee (2016-2019). Country and Area Representatives (2019-).
7. Alliance of Universities for High Speed Railway, International Union of Railways (UIC), Member, 2018 to 2020, Volunteer Representatives (2019-2020).
8. Journal of Air Transport Management, International Editorial Board, 2013 to date.
9. International Journal of Urban Sciences, Editorial Board, 2016 to date.
10. Aerospace, Editorial Board Members, 2020 to date.
11. Journal of South Asian Logistics and Transport, Editorial Advisory Board, 2021 to date. Associate Editor (2023-)

12. Multimodal Transportation, Editorial Board, 2022 to date.
13. Journal of Shipping and Trade, Editorial Members, 2023 to date.
14. Case Study of Transport Policy, Guest Editor of Special Issue, , 2023.
15. Asian Transport Studies, Guest Editor of Special Issue, “Transport Policy, Planning, and Financing in Asian Developing Countries: Selected Papers from the 15th World Conference on Transport Research 2019”, 2019.
16. Aerospace, Guest Editor of Special Issue, “Aviation Logistics and Supply Chain Management”, 2019.
17. 26th Air Transport Research Society World Conference 2023 (ATRS 2023), Co-Chairperson, Local Organizing Committee, 2019-2023.
18. International Symposium Nagoya 2009: Transport and Climate Change (TraCC), Member of Organizing Committee, 2009.
19. 10th Air Transport Research Society World Conference 2006 (ATRS 2006), Member of Local Organizing Committee, 2006.
20. 6th International Conference of Eastern Asia Society for Transportation Studies 2005 (EASTS 2005), Member of Local Organizing Committee, 2005.

#### **Teaching Experiences:**

Tokyo Institute of Technology, 2007-on going

1. Project Evaluation for Sustainable Society, Graduate Course.
2. Project Evaluation and Management for Sustainable Infrastructure, Graduate Course.
3. Project Design & Management S, Graduate Course.
4. Project Evaluation for Sustainable Infrastructure, Graduate Course.
5. Project Management and Evaluation for Sustainable Environment, TAIST (Thailand Advanced Institute of Science and Technology), Advanced and Sustainable Environmental Engineering Program.
6. Technical Management for Sustainable Engineering, Graduate Course.
7. Principles of International Development Projects, Graduate Course.
8. Statistics and Data Analysis (in Japanese), Undergraduate Course.
9. Project Management (in Japanese), Undergraduate Course.
10. Exercises on International Development Projects (in Japanese), Undergraduate Course.
11. Colloquium of Development Engineering (in Japanese), Undergraduate Course.
12. Engineering Mathematics C (in Japanese), Undergraduate Course.
13. Mathematical Programming (in Japanese), Undergraduate Course.
14. Planning and Design of Infrastructure (in Japanese), Undergraduate Course.
15. Civil Engineering in International Development (in Japanese), Undergraduate Course.

United Nations University, 2020-on going

1. Principles of International Development Project, Institute for the Advanced Study of Sustainability.

Asian Institute of Technology, 2003-2010

1. Urban/Regional Transportation Analysis and Planning Methods
2. Transportation Economics and Project Evaluation
3. Logistics Systems
4. Gender and Transportation Management: Issues and Policies
5. Research methodology for gender, poverty and mobility analysis of road transportation development in GMS region
6. Gender Analysis for Transportation Management

Saitama University, 2000-2003

1. Transportation Planning I and II (in Japanese)
